

AZERBAIJAN MASG

27 Apr 2022

The challenge

- ✓ **30 YEARS OF CONFLICT**
- ✓ **700,000 IDP'S TO BE RETURNED**
- ✓ **EXTENSIVE LEVELS OF CONTAMINATION**
- ✓ **GROUND ZERO REDEVELOPMENT AND RECONSTRUCTION BEING IMPLEMENTED**
- ✓ **COMPLEX CONTAMINATION PROBLEM**

Humanitarian Mine Action and the Sustainable Development Goals (SDGs) Conference

<https://www.youtube.com/watch?v=jxQ9L9I5SJ0>

More than 130 participants, from 37 countries, local ministries, and international organizations

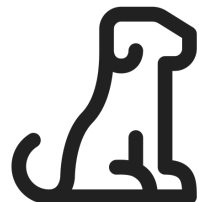

The Conference has helped to further reinforce UNDP's position as the strategic, reliable, and the partner of choice for both Government and international partners when it comes to HMA

Recognition by all participants for the need for sustainable support structures, financing, and managing global trust funds where UNDP can play an important role, with its vast experience in managing global trust funds.

CURRENT PHYSICAL CAPACITY

1700

45

30

Operator	Current Capacity
ANAMA Incorporating NGO – IEPF	1000 Manual deminers Demining Machines - 11 Dogs - 45
Four local demining companies (with International partners)	Personal in total - 240 Demining Machines - 12
MOD (+ Turkish military)	400 deminers Demining machines – 7 Turkish MEMATT) + tanks with rollers
Ministry of Emergency Situations	60 deminers

Current Donors for Mine Action

- **ECHO**
- **FCDO**
- **FRANCE**
- **UNITED STATES**
- **CANADA**
- **MARSHALL LEGACY INSTITUTE**
- **MAG**

Identified Needs & Estimated Donor Support

Donor support needs 2021-2025		Total resources required	Funded	Funding gap
1. Increased capacity – LNGO's	LNGO	\$3,250,000	\$250,000	\$3,000,000
2. Support to the management of residual risk to IDP returns	EORE	\$1,135,000	\$135,000	\$1,000,000
	Survey, Clearance, EOD Response	\$8,491,000	\$4,491,000	\$4,000,000
	Marking and Fencing, Reporting Mechanisms	\$2,000,000		\$2,000,000
3. Support to ANAMA	Strategic advice (Strategic advisor, NTS Advisor, IM Advisor)	\$1,200,000	\$390,000	\$810,000
	Survey systems	\$2,500,000		\$2,500,000
	Compliance with IMAS and legislation	\$238,000	\$188,000	\$50,000
	Digitized Data collection	\$250,000		\$250,000
	IM System	\$380,000	\$130,000	\$250,000
	Quality Management System Development	\$50,000		\$50,000
	Utilizing mechanical systems	\$75,000		\$75,000
	Technology solutions particularly related to survey.	\$2,500,000		\$2,500,000
	Gender consultant	\$50,000		\$50,000
	Female demining team	\$1,000,000		\$1,000,000
Total		\$23,119,000	\$5,584,000	\$17,535,000

The Needs - summary

- More resources/capacity
- Support to the National Structure to better manage the scale of the problem and appropriate response
- New and adaptive approaches including the use of the latest technology
- Cohesive IDP return strategy

Thank you
