

# From 2019 to mid-2020,

## UNMAS helped Afghanistan to:

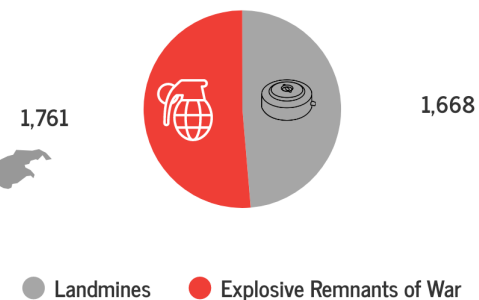

**Clear 32.6 sq. km. of contaminated land**

- Declared Bamyan free of all known minefields
- Last known minefield cleared by a mixed-gender demining team in Bamyan

**Deliver risk education to 1,088,317 people**

**Destroy 3,429 landmines and Explosive Remnants of War**

**Enhance national capacity in the management of mine action**

- Standard for the clearance of improvised mines released. This is the first national standard of its kind in the world
