

Statement Attributable to the Spokesperson for the Secretary-General

on Israel-Hezbollah

The Secretary-General welcomes the return by Israel today of a released prisoner to Lebanon and Hezbollah's release of remains of Israeli soldiers killed during the 2006 war.

He believes these developments are a positive step towards addressing the humanitarian issues that are an important component of Security Council Resolution 1701.

New York, June 1, 2008
