**IOM**

UN International  
Organization for  
Migration

is ramping up its response  
to reach more than

**500,000**  
people

with

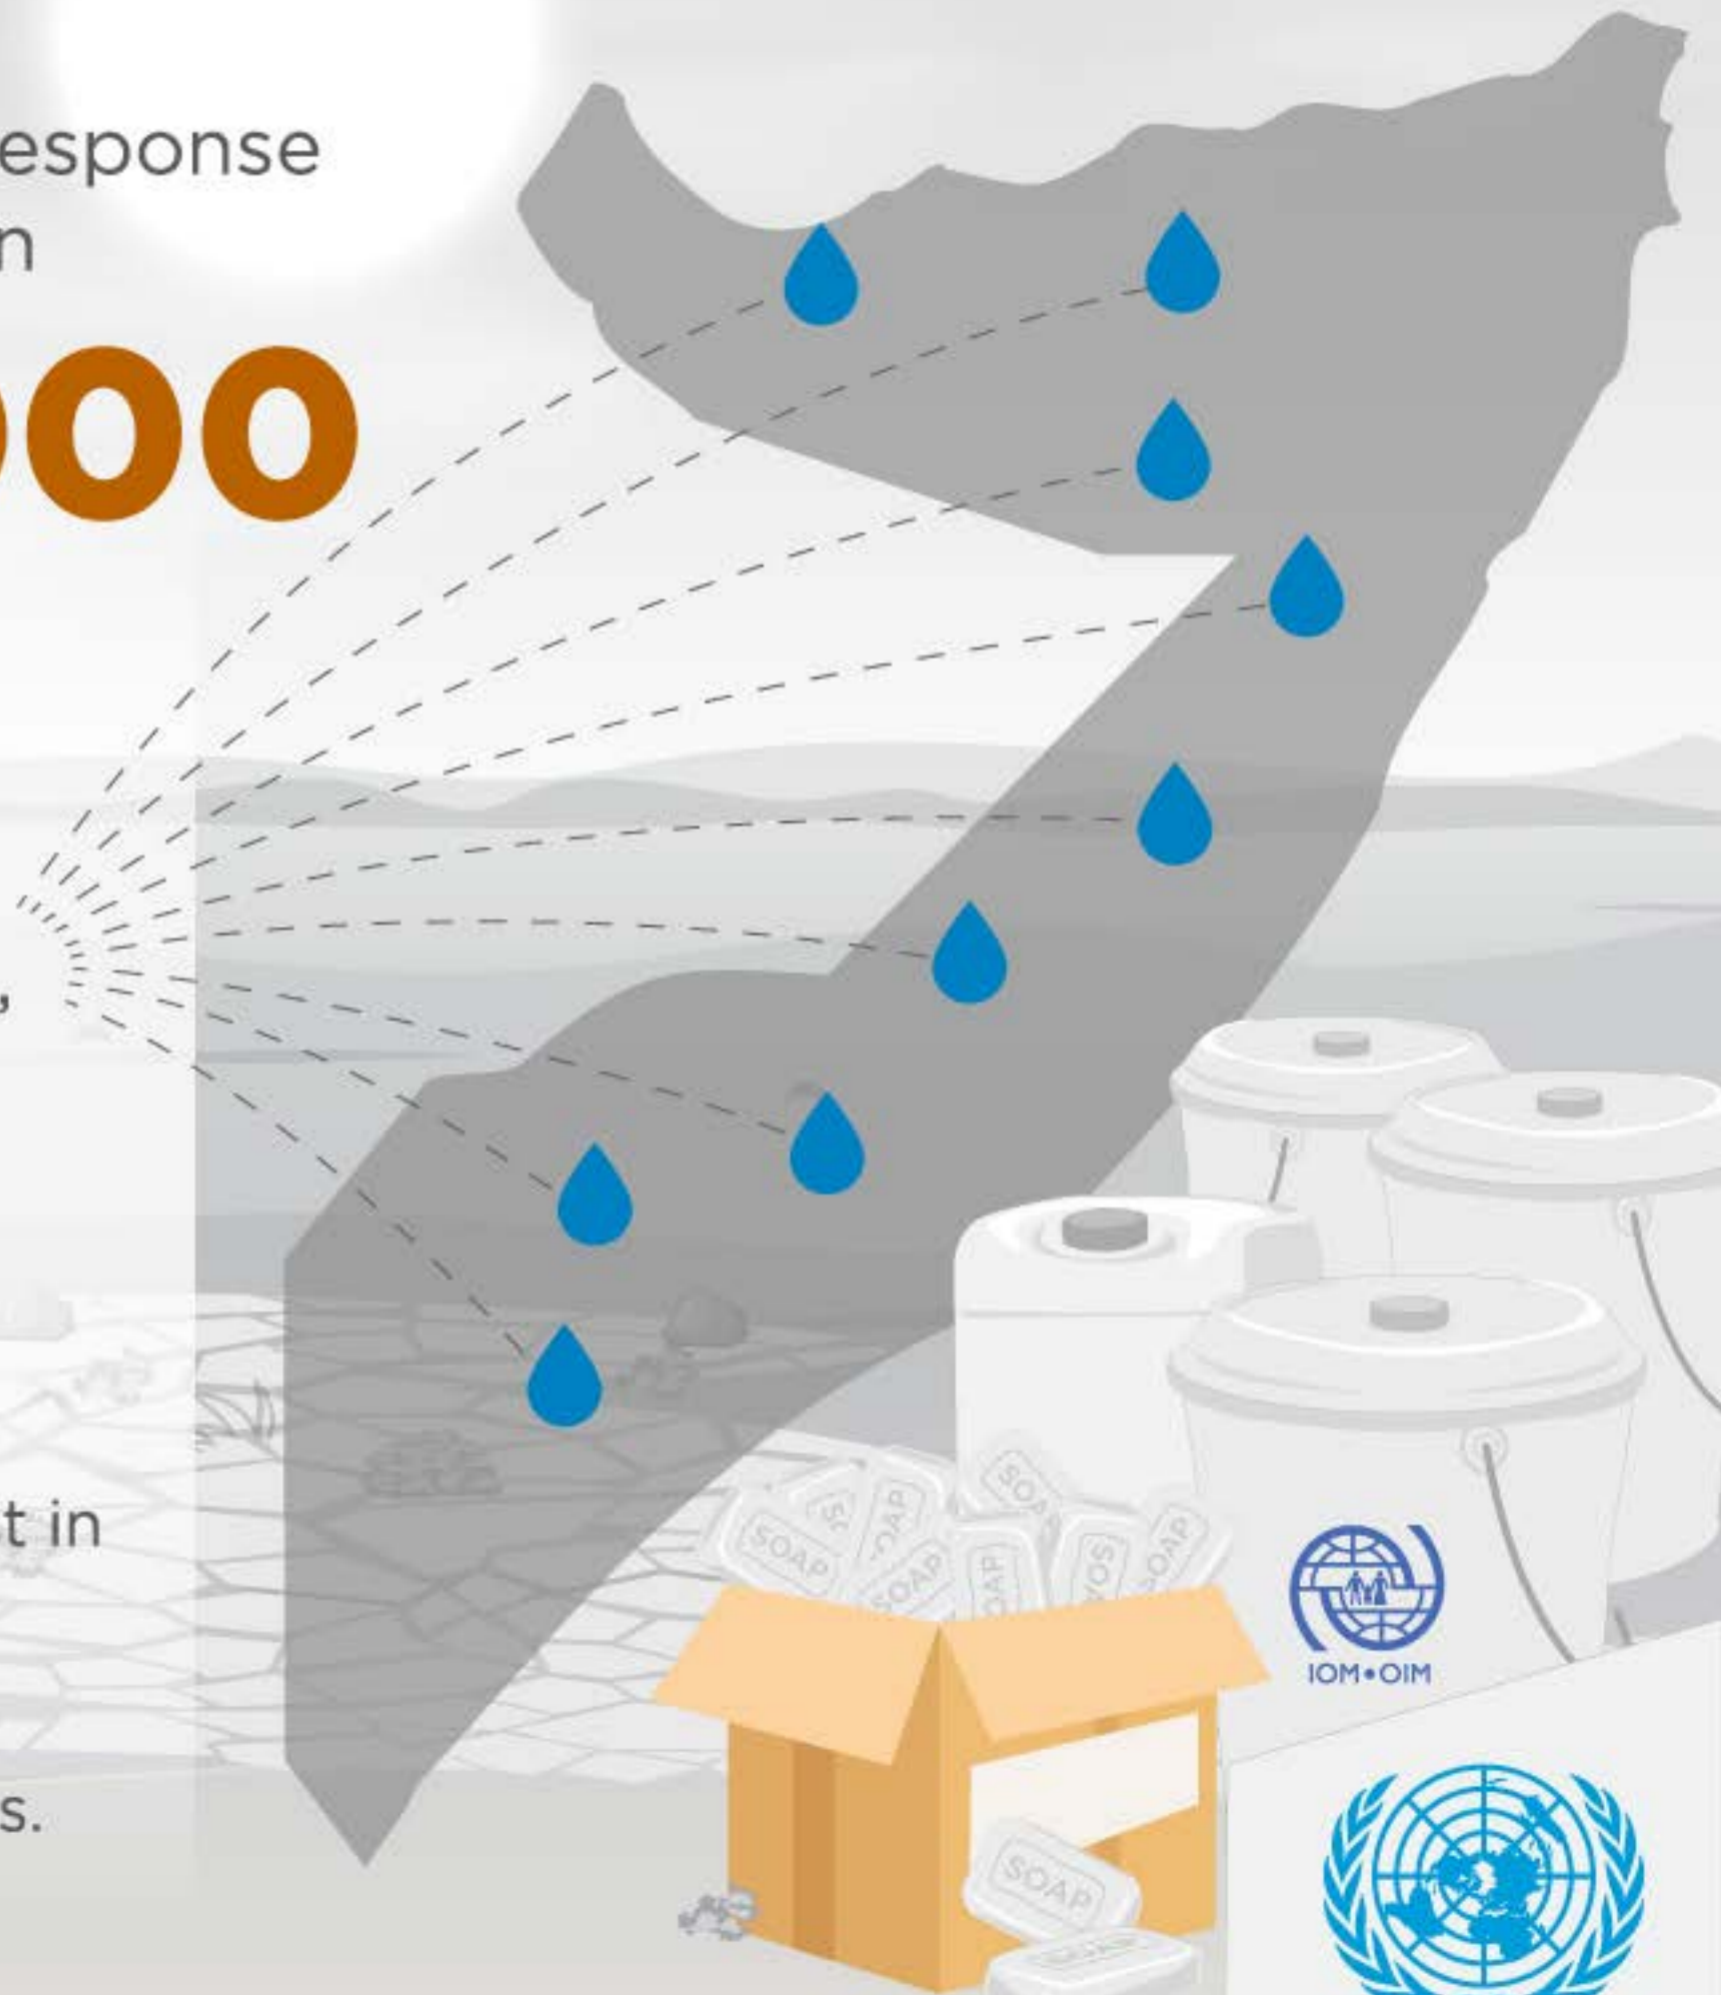

- water trucking,
- hygiene kits  
distribution
- boreholes
- shallow wells

by the end of August in

**103 locations**

across Somalia

rural and urban areas.

#DROUGHTINSOMALIA

# WATER AND SANITATION

**3.2 million** people  
need emergency  
water supplies

and that figure is expected to increase.

# #DROUGHTINSOMALIA

**UNICEF**  
UN Children's Fund

reached

**240,00** people  
with **emergency water** services,  
from January to mid-March.

UNICEF is also supporting

**200 water supply systems**  
to be operated.

**150 strategic water sources**  
to be repaired.

**20 new boreholes**  
in drought-affected districts to be drilled.

**150 schools**

**nutrition centres**

**100 health care facilities**

- water
- sanitation
- hygiene promotion

**UNICEF needs \$18 million**  
for its drought WASH and cholera  
response through June 2022.

#DROUGHTINSOMALIA

**UNDP**  
UN Development  
Programme

has provided reliable  
sources of water to

**21,000**

women-headed  
households.

Information up until 20/04/2022
